

SMART GOAL

Specific

Graduating from the DEPI Machine Learning Track.

Measurable

- Monitor my grades regularly
- Ask for feedback from the instructor every two weeks

Achievable

- Attend all sessions
- Complete all quizzes
- Study the slides after each session
- Submit all assignments on time
- Review all previous sessions before attending a new one
- Complete all graduation projects

Relevant

- This will increase my chances of getting a job as a Machine Learning Engineer.

Time-bound

- Within 6 months
